

next stop: chicago

*the scope collection continues
its triumphal march*

The 'good design award' presented by the **chicago athenaeum museum** is one of the most important and best-known design prizes in the world. **viasit** has been awarded it for the third time - and for 2 products in one go: for both the scope executive chair & the scope conference partner.

The good design award is presented every year to outstanding design objects from all over the world, and this is already the fourth prize that **viasit** has managed to win with scope. a few weeks earlier it received the 'red dot design award' and the 'interior innovation award' as well as the 'saarländischen staatspreis für design'

scope - a chair of "distinction"
manufactured under licence for **viasit**
